

OATH AND PETITION

I, John P. Tarlano, affirm and depose and say that I am a citizen of the United States of America, residing at Springfield Virginia; that I have read the foregoing specification and claims and that I verily believe I am the original, first, and sole inventor of the invention or discovery in Method For Inactivating Cancer Cells In a Human Body And Apparatus described and claimed therein; that I do not know and do not believe that this invention was ever known or used before my invention or discovery thereof, or patented or described in any printed publication in any country before my invention or discovery thereof, or more than one year prior to this application, or in public use or on sale in the United States for more than one year prior to this application; that this invention or discovery has not been patented in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than twelve months before this application; and that no application for patent on this invention or discovery has been filed by me or my representatives or assigns in any country foreign to the United States.

Wherefore I pray that Letters Patent be granted to me for the invention or discovery described and claimed in the foregoing specification and claims, and I hereby subscribe my name to the foregoing specification and claims, affirmation, and this petition, this 29th day of June, 2003.

Inventor
